About Golden Hope Mines Limited:

Golden Hope is a mineral exploration company that seeks to grow shareholder value through the acquisition, exploration and development of potentially large-scale gold and base metal projects suitable for underground and/or open-pit mining. The company's focus is in southeastern Quebec, Canada. The company's claim block spans over approximately 110 kilometres. The Bellechasse-Timmins gold deposit lies within the Bellechasse Belt; an approximately 18 kilometre mineralized area. The Bellechasse-Timmins gold deposit includes the T1, T2A, T2B, Ascot/Road gold zones, and the eight known parallel gold-bearing breccias of the adjoining 88 Diorite. The company is also working to develop other targets within its claim block including the FSG gold and base metal target, the St-Luc (Roux) target, Chute du Bras, the LG showing,

Moose Cliff, and Talon. For further information on Golden Hope Mines Limited please visit www.goldenhopemines.com.

Forward-Looking Information:

This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address future production, reserve potential, exploration drilling, exploitation activities and events or developments that the company expects are forward-looking statements. Although the company believes the expectations expressed in such statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the statements. Various factors could cause actual results to differ materially from those in forward-looking statements. These include market prices, exploitation and exploration successes, continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements.
